Comprehensive Final Exam
Summary: Exams (1, 2, 3) [25 multiple choice questions each]
Final Exam [40 multiple choice questions]

Point Distribution

Test 1  100 points (20 %)
Test 2  100 points (20 %)
Test 3  100 points (20 %)
Final    200 points (40 %)

All exams are closed book and closed note. All of the information you need will be given to you in the test booklet.

- **Grading:** Grades will be based on your standing in the class. Instructor reserves right to expand but not condense grade ranges. Test average will be anywhere in C.

- If you miss a Test for reasons beyond your control contact me immediately or you will receive zero on that Test.

- Final exam will have 40 questions and will account for 200 points (half cumulative and half new material)

- If university closes in the exam day for emergency reason the exam is automatically rescheduled on the next meeting day in the class.

**General Remarks:**

- Cell phones, pagers, iPhone, communication devices, etc. should be turned off BEFORE class begins. Failure to do so will result in your removal from the classroom.

- If you are a student with disability and you need academic accommodations, please see me and contact the office of the disability services at 703-993-2474.

**During ALL EXAMS**

- All cell phones and communications devices are to be turned off, properly secured and stored away BEFORE the exams begin. If I find (see or hear) a cell phone on or around a student during an exam, the student will receive an automatic "F" for the course, since this is an honor code violation. The matter will also be referred to the Honor Committee and prosecuted to the fullest extent possible. If you are caught cheating during an exam your exam will be confiscated and you will be asked to leave the room immediately. A grade of "F" will be recorded and the matter referred to the Honor Committee with recommendation of prosecution to the fullest extent.

A valid GMU ID is required for all exams. Other forms of ID will not be accepted.
